 sheets
Changeability of Web sites, 136
CINDEX
 cascading style sheets in, 46

CINDEX (*cont.*)

- index conversion in XRefHT, 56
- index editing in, 48–49
- index preparation for HTML/Prep, 54
- markup tags, 47–48
- page range default change to hyphen, 46
- saving as HTML tagged text, 45–46
- Client relationships, 146–147, 149–151
- Columns in index, 128–129
- Content management resources, 152
- Converting indexes into HTML
 - book indexing software-created indexes, 44, 45, 49
 - HTML/Prep for, 52–56
 - printed indexes for dual outputs, 58–59
 - software utilities for, 9, 38
 - XRefHT for, 56–58
- Courses in Web site indexing, viii
- Craven, Timothy, ix, 38, 61–62, 75
- Cross-references, 4–5
 - creating, 110–115, 113*t*
 - editing and creating in XRefHT, 71–73
 - editing in HTML Indexer, 91–92
 - in HTML Indexer, 90–93, 91*f*
 - internal links, 23, 30
 - see also references, 112–114
 - see references, 4–5, 111–112, 113*t*
 - style options for, 114–115
- CSS. *See* Cascading style sheets

D

- Databases for indexes, 125, 126*f*, 139
- Dedicated back-of-the-book indexing software. *See* Book indexing software
- Dedicated web site indexing software. *See* Book indexing software
- Definition lists, 20–21, 31–32, 36, 130–131

Discussion lists, 151–152

E

- Editing indexes, 125–127
 - in CINDEX, 48–49
 - in HTML Indexer, 88–90
 - in SKY Index Professional, 51
 - in XRefHT, 69–73
- Entries. *See* Index entries

F

- Faceted search, 143–144
- FAR HTML online help software, 39–41
- Fees for indexing, 149
- File transfer protocol (FTP), 27–28
- Font, 16, 30
- Formatting
 - A-Z navigation bar hyperlinks to letter sections, 128
 - columns, 128–129
 - indenting entries, 31–34, 36
 - subentries, 130–133
 - lists, 32–33
 - lower/upper case for index entries, 129–130
 - non breaking spaces (HTML), 32
 - sort options (HTML Indexer), 90
 - text formatting tags, 14–15, 16
 - top of page links, 129
- Frames
 - as enhanced content to index page, 95
 - index in, 39–40, 88
 - index navigation letters in, 7*f*, 93, 128
 - as pages to index, 104*f*
 - for periodical index citation lists, 125
- Freelance services, Web sites for, 145–146

FTP (File transfer protocol), 27–28
 Function pages, 103–104

G
